

Nigeria Has 152 Varsities Now

- As FG Approves Eight

The Federal Executive Council (FEC) has approved the establishment of eight new private Universities in the country in order to increase access and create more opportunities for the teeming youths. The approval brought the total number of universities in Nigeria to 152.

Briefing newsmen after the 20th Council Meeting of the President Muhammadu Buhari-led administration, on Wednesday, 2 November, 2016, the Minister of State for Education, Professor Anthony Onwuka, stated that the approval was based on the recommendations of the National Universities Commission (NUC). He said that each of the Universities was given a three-year provisional license, after which an operational license would be issued upon satisfactory probationary period.

Others are: Crown Hills University, Eiyenkorin, Kwara State (Modern Morgy and Sons Limited) to be mentored by the University of Ilorin; Dominican University, Ibadan, (Order of Preachers, Nigerian Dominican Community), to be mentored by the University of Ibadan; Kola Daisi University, Ibadan, (Kola Daisi Foundation), to be mentored by the University of Ibadan as well as Legacy University, Okija, Anambra State (The Good Idea

He said the Universities would be monitored by the NUC in accordance with its mandate. With this latest approval, Nigeria now has a total of 40 Federal, 43 state and 69 private Universities. It is

expected that each of the mentoring institutions would among other issues ensure that the requisite Governing Council is appointed; that they recruit appropriate principal officers, academic and non-academic personnel and adequate material resources for the commencement of any academic programme. Other responsibilities of the mentoring universities is to ensure their adherence and implementation of carrying capacities, assist the new universities in staff development, modulation of students' examination, guaranteeing of quality assurances.

Meanwhile, the Federal Government, through the NUC had continued to give approval for the establishment of universities to those that meet the requirements in order to make sure that the teeming populations of Nigerian students seeking admission into universities are given opportunity

Defence College Seeks NUC'S Collaboration on Security Training for Varsities

L-R: Commodore A. B. Lawal, General E. G. Ode, Prof. Rasheed, Hon. Otokolo Willie-Dan and Barr Aminu Ogaji

A delegation from the National Defence College (NDC) led by the Deputy Commandant, General E.G Ode, visited the National Universities Commission (NUC), to seek for collaboration holding a security workshop on intelligence gathering counter terrorism in the tertiary institutions, to create security awareness and consciousness in the university community.

Receiving the delegation, the Executive Secretary, NUC, Professor Abubakar Rasheed, *nni*, MFR, welcomed the initiative and paid that the current insecurity challenges in the campuses required deliberate efforts and training for relevant officers in the university. He observed that the

borders of most universities are porous without perimeter fencing.

He noted that the attack last Thursday by Boko Haram at Bayero University, Kano (BUK) sometime in 2012, raised the consciousness of Universities on the need to be security conscious. He said although the Commission was reluctant in collaborating with any agency or group to organise a programme, he would speak with the Executive Secretary of Tertiary Education Trust Fund (TETFund) to see whether the Fund could allow universities to use some of its intervention for the programme considering its importance.

In his remarks, Gen. Ode stated that the rationale behind the security workshop is to create awareness

amongst staff and students of the university community on the need to be conscious of their environment and to develop security strategies that would meet the needs of their environments. He thanked the Executive Secretary for the robust discussions. He observed that the various options mooted by the Executive Secretary would be explored to strengthen the original concepts they have about the seminar.

Also in the delegation were the NDC Director of Studies, Commodore A.B Lawal; Consultants, Associate Management Consulting Ltd, Hon. Otokolo Willie-Dan and Barr. Aminu Ogaji.

NUC to partner UNESCO Institute on Development of Statistical Digest

UNESCO Programme Specialist, Hassan Keynan; Executive Secretary, NUC, Prof. Abubakar Rasheed and Executive Secretary, National Commission for Mass Literacy, Adult and Non-formal Education, Prof. Abba Abubakar Haladu,

The National Universities Commission (NUC) is willing to partner with any organisation that would aid its desire to document and process accurate and precise data on Nigerian Universities, Executive Secretary, National Universities Commission (NUC), Professor Abubakar Adamu Rasheed, has said.

He gave this indication on Thursday, 3 November, 2016, when he received in audience the Programme Specialist, UNESCO Institute of Lifelong Learning, Hamburg, Germany, Mr. Hassan Keynan, who came to solicit collaboration in the area of developing a Statistical Information Digest on Higher Institutions in Nigeria. He informed his visitor that his cardinal mandate was to produce a reliable University Statistical Information Digest, for the purpose of research and policy

making during his stay at NUC.

The Executive Secretary further told the UNESCO Specialist that NUC is currently undertaking a radical review of Universities' Curricula to allow for more creativity and internationalisation of education. This, he said is to allow Nigeria students to compete internationally. The NUC is also working out modalities with international organisations including, UNESCO to revive and sustain the UNESCO Chairs in Nigerian Universities.

Earlier, in his speech, Mr. Keynan told the Executive Secretary that when developed, the statistical map would display the number of universities, locations, students and teachers' population, programmes, discipline, laboratories and equipment available. The map will also give statistics on faculty and students by gender as well as physical structures in each

institution. While stressing the need for the cooperation and support of the NUC, he said that the programme had been executed in other African Countries like Ethiopia and Kenya, without financial implications on them at the initial stage.

Mr. Keynan explained that the aim of the programme is to produce an effective and more functional university statistics. He therefore requested the Executive Secretary to nominate a focal person for the Commission and to identify some universities that could work with his team. The Programme Specialist, who was accompanied by the Executive Secretary, National Commission for Mass Literacy, Adult and Non-formal Education, Professor Abba Abubakar Haladu, said that he intends to produce a map on Adult Literacy in Nigeria.

NUC Will Not Impose Uniform Curricula

– Prof. Rasheed

The National Universities Commission (NUC) will never impose uniformity of curricula on Nigerian universities, the Executive Secretary, Professor Abubakar Adamu Rasheed has said. Speaking when he received a delegation of the Medical Laboratory Science Council of Nigeria (MLSCN) in his office, on Tuesday 11 October, the Executive Secretary stated that NUC was firmly against the imposition of uniform curricula for academic programmes in universities. Instead, the Commission, he said, prescribes minimum academic standards as contained in the Benchmark Minimum Academic Standards (BMAS) document for each programme, beneath which universities must not go in offering degrees. The documents, however allow for flexibility, creativity and different interpretations and adaptations to local circumstances.

The delegation, led by the Acting Registrar and Chief Executive Officer, Mr. Tosan Erhabor, congratulated the Executive Secretary on his recent appointment, describing it as well deserved. He recalled his successes as Vice Chancellor of Bayero University, Kano, and expressed confidence that his visionary leadership will be brought to bear on the Commission.

Mr. Erhabor drew the Executive Secretary's attention to certain issues which, he said the Council considered pertinent to the success of Medical Laboratory Science

Executive Secretary, NUC, Prof. Abubakar Rasheed and
Acting Registrar/Chief Executive Officer of MLSCN, Mr. Tosan Erhabor

education in Nigeria. Firstly, the Council called for the harmonisation of the Bachelor of MLS Programme offered in universities and suggested that a joint technical group be set up by NUC to achieve this. The Council also called for a review of the curriculum to incorporate latest developments and best practices in MLS from all over the world. Some of the modules suggested were, Molecular Biology, Computer Applications to Laboratory Science, Supply Chain Management and Quality Management Systems.

In addition to these, the delegation also requested that the Commission approve the Doctor of Medical Laboratory Science programme, a move which it said, would enhance professional training and development, especially in the areas of modern scientific and technological developments which

are not adequately accommodated in the current five-year MLS programme. The team decried medical tourism saying that the fear of medical misdiagnosis was often the primary trigger for patients to seek medical care overseas. This, it said, could be addressed by a more vibrant and advanced MLS programme in Nigerian Universities.

Other issues discussed include the qualification requirements for teachers of MLS in schools and the possible establishment of a Faculty for the Medical Laboratory Sciences, which, the Council insisted, was multidisciplinary with a wide variety of composite units, such as Medical Parasitology, Medical Entomology, Mycology, Immunology, Chemical Pathology, Haematology, Histopathology, among others, that could exist as independent departments.

Professor Rasheed welcomed and thanked members of the delegation for their kind words and goodwill toward the Commission, adding that this goodwill would continue to be reciprocated. He stated that NUC had always considered professional bodies as partners in progress, especially when each body focuses on its statutory roles.

He appreciated the synergy within the Council and urged members to always be careful, reasonable and selfless in the promotion of Medical Laboratory Science education in Nigeria so as to continually enjoy the support of their partners in the universities and the NUC.

On the issues raised by the Registrar on behalf of the team, the Executive Secretary conceded that the Commission would partner with the Council to review the components of the BMAS for Medical Laboratory Science in

universities, with a view to introducing modules that would enhance students' learning experiences and knowledge. Professor Rasheed went on to reaffirm that MLS, being a complex discipline and an evolving one which affects the health and safety of the general population, needed to be properly taught by qualified and experienced staff as the Nigerian University System (NUS) could not afford to toy with the quality of its graduates.

He promised the Council that the NUC would look into the request for approval of the Doctor of Medical Laboratory Science (MLS.D) programme, stating that relevant stakeholders would look into the merits and demerits of the proposal. He agreed that there were many vibrant MLS programmes in the NUS, which could indeed be restructured and upgraded to Faculty level, considering the sheer number of departments which constitute Medical Laboratory

Science. He however stated that the matter needed closer study and consideration and that the interaction with the MLSCN would continue, in the hope that, with time, all the issues raised would be resolved for the growth and benefit of the system.

The 18-man delegation comprised senior officers of the Council and members from universities: Prof. M.F. Useh (Dean Faculty of Allied Medical Science, UNICAL), Prof. J.C. Ihongbe (Babcock University) Mrs. Stella Ngozi Udo (Deputy Director of Planning Research and Statistics, MLSCN). Other were, Mr. Ime Idimi, Dr. Donatus Ozuruoha, Mr. Sam Ahiaka, Dr. S. A. Junaid, G.A. Aikpitanyi-Iduitua, Ugomma Ewama, Stanley Nkemakolam, G.A. Uchuro, Alh. M.M. Azeez, Mohammed Yalwa Gwazo, Alh. NATIONAL UNIVERSITIES COMMISSION IPSAS IMPLEMENTATION

Nexia
Agbo Abel & Co

Introduction:

The Federal Executives Council at its meeting held on 28th July 2010 approved that Nigeria should adopt the provisions of the International Financial Reporting Standards (IFRS) and International Public Sector Accounting Standards (IPSAS) for Private and Public Sectors respectively.

Consequently, the Federation Accounts Standards Allocation Committee (FAAC) at its meeting held on 13th June 2011 setup a Sub-Committee to provide a roadmap for the implementation of IPSAS in the three tiers of government in Nigeria.

The Roadmap to the adoption of IPSAS was phased as follows:

- Full Adoption of IPSAS Cash effective from 1st January, 2014.
- Adoption of IPSAS Accrual effective from 1st January 2016.

The National Universities Commission (NUC) has commenced the IPSAS implementation project that will enable a seamless adoption of the IPSAS accrual in the preparation and presentation of Financial Statements in line with the directives of Federation Accounts Allocation Committee (FAAC) Sub-Committee on implementation of IPSAS.

Implementation Approach:

NUC is partnering with Nexia Agbo Abel & Co, to adopt a phased implementation approach which shall focus on the following areas;

- Regulatory Compliance
- Technical Accounting & Reporting
- Knowledge & Resource Management
- Process, Technology & Infrastructure

• Results Based Management
• Easy Comparison
• Competitive Advantage

• Quality
• Consistency
• Comparability

IPSAS

• Transparency
• Accountability

Expected Benefits:

At the end of this implementation project, NUC's financial reporting is expected to be fully IPSAS accrual compliant in line with the directive. This will ensure greater level of transparency, accountability and consistency in financial reporting just like similar Public Sector Entities (PSE), high-quality financial statements based on globally acceptable standards and audit efficiency.

Implementation Committee

In line with the National Treasury Circular Ref. No. TRY/A5 & B5/2014 and OAGF/CAD/POL/C.0301/VOL. I/VOL. I of 23rd October 2014, the composition of the Commission's IPSAS Implementation Committee include:

Executive Secretary
Director, Finance and Accounts
Director, Management Support Services
Head of Internal Audit
Head of Information & Communication Technology
Head of Treasury
Head of Budget
Head of IPSAS/Fixed assets
Head of Procurement
Head of Final Accounts

NATIONAL UNIVERSITIES COMMISSION

ADVERTORIAL

CONFIRMATION OF APPROVAL OF THE NIGERIAN UNIVERSITIES e-LEARNING PROGRAMME

The general public is hereby informed that whereas the Commission maintains its stand that online degrees are not accepted in Nigeria at the moment, this does not include the approved Nigerian Universities e-Learning Programme run within the shores of Nigeria.

The Nigerian Universities e-Learning Programme is a legitimate and well thought out pilot e-learning initiative. It is a Public Private Partnership between the National Universities Commission (NUC), Park Associates E-Learning Group, and four federal universities. Its goal is to provide new opportunities for students to access university education in Nigeria.

The four Participating Universities are:

- i. University of Uyo;
- ii. National Open University of Nigeria;
- iii. Usmanu Danfodiyo University, Sokoto; and
- iv. University of Maiduguri.

Students enrolled in the Programme can select any of the following undergraduate degree programmes: Economics, Banking & Finance, Accounting, Business Administration and Marketing for which they have requisite qualifications. The Programme for now is only available for candidates who wish to obtain BSc Degree in Economics.

The Commission wishes to use this medium to allay all fears and doubts concerning the legitimacy or NUC endorsement of the Nigerian Universities e-Learning Programme. This is one of the avenues that the National Universities Commission is exploring to increase access to university education without compromising quality. Students in the Programme are therefore advised to continue to pursue their studies without fear and prospective applicants are encouraged to enrol. Concerned parents, guardians, students and the general public may contact the Commission for further clarification on the Programme under reference.

NATIONAL UNIVERSITIES COMMISSION

IMPLEMENTING STEPS FOR NEW MEDICAL SCHOOLS, ACCREDITATION ISSUES AND THE NEW MINIMUM BENCHMARK (2015) FOR THE MBBS/BDS PROGRAMMES

PROGRAMMES

Following several Stakeholders' meetings in the last two years and as a prelude to the formal release of the New Minimum Academic Benchmark (2015), proprietors of Medical and Dental Schools in Nigeria (both current and prospective) are requested to note the following implementing steps including relevant adjustments relating to accreditation of Medical/Dental Schools.

1. From 1st September 2015, both current and prospective proprietors of Medical and Dental Schools should:
 - a. Write a letter to the Executive Secretary stating their intent and provide relevant information as available.
 - b. On receipt, (if NUC has no obvious reasons to disqualify the application), they would be sent a copy of the BMAS for MBBS/BDS and advised firmly to ensure that they are strictly complied with.
 - c. The setting up of medical schools is not an emergency exercise. To this end, prospective proprietors must own and have in place (prior to a request for a Resource Verification), a fully functional and well run tertiary type hospital. In the circumstance of the above not being in place, consideration for an affiliation with a tertiary government-owned institution may be given only when the said university owns a medical institution fully functional with a minimum of 150 beds and a rural health medical unit. (See Appendix 4 of the BMAS).
 - d. A Pre-clinical Accreditation would be expected to take place within two years of a positive Resource Verification. Students can only sit for the second MBBS professional examination (Anatomy, Physiology and Biochemistry) when they have a successful preclinical accreditation. The preclinical accreditation would, amongst others, concentrate largely on the Department of Anatomy, Biochemistry, Physiology, Pathology and Pharmacology and to a lesser extent, Community Health. All evaluated departments must have the minimum requirements in terms of academic staff, non academic staff and laboratory facilities. (See Appendix 3 of the BMAS)
 - e. The Commission has now approved a Clinical Accreditation expected to take place within twelve months of a successful preclinical accreditation. Subsequent to that, a reaccreditation exercise will take place every five years.
2. With respect to established medical schools, (and irrespective of their accreditation status), it should be noted that

only institutions that (by the deadline of March 20th, 2016) have requested and obtained formal approval from the National Universities Commission for a re-evaluation based on the following considerations would be allowed to admit students into the MBBS/BDS programmes from the 2016/2017 academic year:

- a. All Medical and Dental schools must have an approved, and appropriately utilized, Clinical Skills/Simulation centre.
- b. Ensure strict adherence to the proper use of the course system for all approved programmes in Nigerian Universities. The implication of the above is that a particular programme (subject) is taught not only broken into cluster units of 1-4 but also have the components of university supervised examinations. For clarity, current end of posting examinations (practiced by some medical/dental schools) that neither have units allocated nor follow the standards of a University examination, do not conform to the Minimum Academic Standards as established by the National Universities Commission.
- c. Universities are strongly urged to immediately review their current methods of teaching medical and dental students to include more tutorials, self study group teaching, use of IT in the delivery of courses and simulation/competency based evaluations that must be signed by a lecturer not below the status of a senior lecturer. It must be noted that the confirmation of a successful simulation/competency based evaluation should be a mandatory requirement before the students are eligible to sit for the various professional/sessional examinations
3. Proprietors are urged to note the Essential Component changes of the new curriculum expected to be in use from the 2016/2017 academic session. Details of these changes are available in the New Minimum Academic standards booklet and at the National Universities Commission website. (www.nuc.edu.ng) Major components include the following:
 - (a) The approval of three alternative models viz;
 - i. A seven year MBBS/BDS programme that encompass a mandatory seamless four-year acquisition of the B.Sc. (Basic Medical Science) with interest in either Anatomy/Physiology/Biochemistry. At the end of seven years, students would have acquired the Bachelor of Basic Medical Science, Bachelor of Medicine and Bachelor of Surgery degrees. In case of the dental programmes, the students would have acquired a degree in Basic Dental Science and Bachelor of Dental Surgery.
 - ii. In order to allow for career change for interested non-medical health professionals, the Commission has also approved a four year programme leading to MBBS/BDS for interested and qualified graduates of Nursing, Pharmacology, Physiotherapy, Image Science, Paramedics, Anatomy, Physiology, Biochemistry and Pharmacology. It must be noted for such to be considered for admission they must have at the WAEC/NECO levels minimum credit scores in Mathematics, English, Physics, Chemistry and Biology at one sitting, prior to the admissions for their first degrees. They must also have a good CGPA.
 - iii. Admission into universities based on the current six year programme would be allowed to continue as suitable alternative based on the discretion of the University.
 - iv. It should be noted and emphasized that all the above degrees have the Bachelor appellation as they remain undergraduate programmes.
 - (b) Specific periods of posting to the department of Family Medicine. The obvious implication here is that, the Universities should create the Department of Family Medicine following their due process.
 - (c) Redesignation of the Department of Pharmacology to the Department of Pharmacology and Therapeutics. The department is now expected to provide relevant basic clinical teaching and conduct relevant professional examination in Pharmacology. They will also be expected to provide relevant clinical teaching in Therapeutics. All Universities should set in motion the machinery to achieve the above.
4. In view of the above essential component changes of the new curriculum, the Commission will be organising a National training for Medical teachers in Nigerian Universities. Details of the training would be made available shortly.
5. Interested stakeholders are invited to send comments/suggestions on the above to: The Executive Secretary, NUC, rasheed3h@gmail.com and copy to chiedu.mafiana@gmail.com

NATIONAL UNIVERSITIES COMMISSION

RE: MORATORIUM ON PART-TIME PROGRAMMES

The National Universities Commission, cognizant of the need to streamline the operations of Part Time and Sandwich programmes in Nigerian universities, had through a publication in the print media, including the Guardian and Sun Newspapers of Monday, 19th March, 2012, placed a moratorium on admission into parttime programmes in Nigerian universities. In the publication, the universities were requested to fully disclose all Part-Time and Sandwich programmes, with respect to enrolment and staffing profile, within four weeks of the publication, and to conduct in-house staff and student audit and forward same to the Commission. As a follow up to this, the Commission vide a letter dated 14 January, 2013, sent a reminder to the universities requesting those that were yet to provide information on their Part-Time and Sandwich programmes as well as affiliation arrangements to do so on or before 15 February, 2013.

2.0. Universities That Made Submission

Based on the submissions received, a total of forty (40) universities indicated that they would run Part-Time and Sandwich programmes as detailed below:

A. Federal Universities

1. Federal University of Technology, Owerri
2. University of Benin, Benin
3. University of Calabar, Calabar
4. University of Lagos
5. Nnamdi Azikiwe University, Awka

3.0. APPROVALS GRANTED TO UNIVERSITIES TO RUN PART-TIME/ SANDWICH PROGRAMMES.

Up to date, a total of thirty six (36) universities forwarded their completed documents, based on the approved format. Following the analysis of the submissions by the Department of Academic Standards and having satisfied the laid down guidelines for running Part – Time programme and Sandwich courses in Nigerian universities, all the thirty six (36) institutions were recommended to the Executive Secretary for approval. Consequent upon Executive Secretary's approval, letters were communicated to the universities accordingly. The universities are:

A. Federal Universities

1. University of Lagos
2. University of Port Harcourt
3. University of Calabar
4. University of Benin
5. University of Abuja
6. University of Uyo
7. University of Jos

GUIDELINES ON PART-TIME AND SANDWICH PROGRAMMES IN NIGERIAN UNIVERSITIES

Below are guidelines for conducting Part-time and Sandwich programmes in Nigerian universities. All universities currently operating Part-time programmes are expected to comply with the guidelines on programme by programme basis.

Consequently, universities still interested in running Part-time programmes are advised to forward fresh applications to the NUC on programme by programme basis.

This is, however, subject to the readiness of the university to comply with the following extant guidelines on part-time programmes:

1. The admission and graduation requirements, Staffing, Library and physical facilities requirements must be in line with the Benchmark Minimum Academic Standards (BMAS) for the various full-time academic programmes;
2. For a programme to be eligible to run on part-time basis, the approved full-time equivalent must be available in the university, must have earned full accreditation and must be run within approved campuses;
3. The enrolment into part-time programmes must not exceed 20% of total students' population in the programme;
4. The minimum duration of the part-time programmes must be 150% of the approved duration of the Full-Time equivalent;
5. Approval shall not be granted for part-time programmes in Environmental Sciences, Engineering/Technology, Law, Medicine/Medical Sciences, Pharmacy /Pharmaceutical Sciences, Dentistry; and Veterinary Science;
6. All admissions into part-time programmes must be through the Joint Admissions and Matriculation Board (JAMB). Part-time programmes must be run within approved campuses of universities where the human and material resources for the teaching of the programmes are domiciled, i.e. on the main campus of the university;
7. Part-time programmes shall be subjected to the NUC accreditation assessment upon maturity of the programme;
8. For any programme to be eligible for part-time mode, it must have produced two (2) sets of graduates and satisfied the Resource Verification Requirements.
9. Commencement of a part-time programme MUST be subject to NUC's approval. Approval of commencement of all parttime programmes must be obtained.

The National Universities Commission shall not hesitate to apply appropriate sanctions on any university which violates any of the stipulated Guidelines on Part-Time and Sandwich Programmes.

List of Universities with Approved Postgraduate Programmes

The National Universities Commission (NUC) has observed with great concern that some Nigerian universities are running unapproved postgraduate programmes, leading to the award of Masters and PhD degrees. The Commission has also observed that some Parastatals and Institutes are awarding these same Postgraduate degrees, either on their own or through unapproved affiliations with Nigerian and foreign Universities. Such practices are not only unethical, but also antithetical to time-tested quality assurance best practices. The qualifications/awards resulting therefrom are not recognized. The Commission hereby notifies the general public that only the following universities have approval to offer postgraduate programmes at the Masters' and Ph.D levels in Nigeria, as of 30th July, 2012:

Federal Universities :

1. Abubakar Tafawa Balewa University, Bauchi
