ASUU Strike May End this Week

he Academic Staff Union of Universities (ASUU) embarked on an indefinite strike accusing the Federal Government of failure to redeem the terms of agreement signed in 2009. The strike commenced on Sunday, August 13th 2017 following an emergency National Executive Council meeting of the union in Abuja.

The Federal Government quickly responded by convening a meeting at the instance of the Honourable Minister of Education, Mal. AdamuAdamu and the Honourable Minister of Labour and Employment, Dr. Chris Ngige.

Briefing newsmen, the Honourable Minister of Education, Mallam Adamu Adamu, said the strike would end within the next one week, since all mechanisms were in place to reach an appreciable consensus.

Mal. Adamu Adamu Honourable Minister of Education

He however pointed at the end of a crucial parley with the National Executive Committee of ASUU led by its President, Professor Biodun Ogunyemi, at the Conference Room of the Ministry of Labour that ASUU did not follow due process before embarking on the

strike.

He recalled that late last year, there was a meeting held by the government and ASUU on the same issues and the Union served a one week notice of strike, while government responded positively

and a meeting was able to reach some agreement.

Malam Adamu Adamu said that in order to keep faith with national development and future prospect of our children, government would work hard to negotiate with ASUU to suspend the strike.

According to another statement credited to the minister, he said: "I must confess government has not fulfilled its part of the bargain, even though we are unhappy that ASUU went on this strike without following due process and giving us good notice. We realised that we promised something and we didn't

fulfil it."

At last Thursday's meeting the federal government and ASUU were able to reach some agreements based on specific offers by the government. There are indications that both parties appear willing to arrive at consensus on certain issues. For instance, there was the issue of renegotiation. The the universitybased unions agreed that government has done what it promised because it had set up the re-negotiation team and negotiation is already on-going.

Mal. Adamu also said: "there is the issue of Earned Allowances and due

to some miscommunication what was promised could not be done, assuring that it would be done soon and Government would conduct a forensic audit of the 30 billion Naira released in 2010. Others include the registration for Nigerian Universities Pension Commission, (NUPENCO) Staff School, the request that universities be allowed to stay off the Treasury Single Account (TSA), among others."

At the end of the parley, both parties announced that some offers had been made and agreed on, while they are to re-convene this week.

Ghanaian Ministry of Education Delegation Visits NUC

The Executive Secretary, National Universities Commission (NUC), Professor Abubakar Adamu Rasheed, mni, MFR, last Wednesday received a delegation from the Ghanaian Ministry of Education, led by Professor J. S. Djongmah, who is in charge of the country's National Accreditation Board and National Tertiary Education Agency. The delegation was in Nigeria to understudy of the workings of the NUC.

The visit to the Commission was to learn from NUC, as the Nigerian quality assurance regulatory agency of the Nigerian University System (NUS), which is similar to the National Accreditation Board

Prof. Abubakar A. Rasheed presenting the Monday Bulletin to the Chairman, National Accreditation Board and National Tertiary Education Agency,
Ghana, Prof. J. S. Djongmah

and the Tertiary Education Trust Fund TETFund also akin to the National Council for Tertiary Education of Ghana.

In his remarks, Chairman of the delegation, Professor Djongmah thanked the Executive Secretary for the warm reception accorded his team, saying that it was a great opportunity for them to be visiting Nigeria, especially the NUC.

He expressed his delight that the Executive Secretary could grant the delegation audience even at a short notice, describing him as a man of wisdom and great courage, who had done well to reposition the NUS in the last one year.

Professor Djongmah reiterated to the Executive Secretary that the essence of the visit was to learn from the NUC on how well it was regulating the nation's system as the sole regulator of university education in the country. He disclosed that Ghana has a new Minister for Tertiary Education, who became interested in creating a stronger synergy between its tertiary education agencies - the National Council for Tertiary Education and the National Accreditation Board on the one hand-and the National Universities Commission in Nigeria on the other with a view to foster more understanding, share experiences and perhaps learn from each other.

The Head of the delegation told the Executive Secretary that the Minister was also genuinely interested in the workings of its Nigerian counterparts- the NUC and the Joint Admission and Matriculation Board (JAMB). He further said that it was for this reason that the Minister constituted a Committee with himself as the Chairman.

The Chairman added that the Committee had reasoned that to move forward, the members should visit the NUC, which was regarded in Ghana, as its 'elder brother' in university regulation.

The essence, he said, was to gain from its wealth of experience, and subsequently, emulate and apply a similar model in Ghana. He further acknowledged that there was lot to learn from the university education regulatory agency in Nigeria and prayed that both countries would continue to thrive on the already established relationships to move tertiary education forward.

Responding, the Executive Secretary, NUC informed the team that Professor Michael Faborode, who led the Ghanian delegation to the Commission was one of the most experienced educationist in Nigeria, recalling that wherever and whenever you see him, it has something to do with tertiary education. He expressed his delight to receive them and assured of his commitment to ensure that the partnership and closer cooperation received the desired attention.

Professor Rasheed said that on his part, one of his greatest desires had been to create an avenue where by,

L-R: Pro. Jonathan N. Ayertey, Mr. Kwesi N. Eshun, Profs. Djongmah, Rasheed, Secretary-General, CVC, Michael Faborode, and Directorate of Executive Secretary's Office, Mr. Chris Maiyaki

Ghana Quality Assurance Agency and the Nigeria's National Universities Commission could come together to nurture a viable cooperation in the area of quality assurance so that regional quality mechanisms could be entrenched for the region.

He recalled his meeting with Mr. Kwame of the Ghana accreditation board, where discussions were held and consequently the need for a visit to Accra, particularly to the Commission in charge of tertiary education became imperative.

According to Professor Rasheed, both countries had more to benefit when they work together to bring their universities closer, especially in the areas of training of academics in African universities.

The NUC Scribe said that it was becoming almost difficult for many countries should continue to provide funds for the training of academics outside the country.

He canvassed that Nigeria and Ghana, the two giants in West Africa, should work together first and subsequently to extend invitation to other English speaking West African countries to open up channel for closer ties. The Gambia, he said, could be invited as well as Senegal, Sierra Leone and other francophone countries to join in building a solid education alliance in the region. In his words "We

don't believe so much in the artificial division and have to find a way to breach these gaps."

The high point of the meeting was presentation of some critical documents to the delegation from Ghana including the weekly Monday Bulletin of the Commission. The document was to disseminate knowledge and information about the workings of the commission for possible adaptation, the NUC scribe concluded.

In the Ghanaian delegation were Professor Jonathan N. Ayertey and Mr. Kwesi N. Eshun.

Bursars Ends Conference with a Communique

Mr. Sam Onazi Director, Finance and Accounts

It would be recalled that a meeting of the Association of Bursars of

Nigerian Universities (ABNU) was hosted by the National Universities Commission (NUC) on Tuesday 1st August, 2017 at the Idris Abdulkadir Auditorium, NUC, Abuja.

The meeting was called to rub minds on the management of public finances in the Nigerian University System (NUS) vis-à-vis the application of government's regulatory instruments such as extant federal circulars and Presidential Orders, which provided basis for the Audit of universities accounts.

Mr. Yahaya A. Hassan Chairman, ABNU

The meeting also reviewed the extent of adherence of Bursars to

International Public Sector Accounting Standards (IPSAS) and other related accounting standards aimed at fast-tracking prudent and prompt utilisation of available resources in the NUS.

There was a technical session, at the end of the opening ceremony, which culminated into the drafting of a communiqué which outlined the common position of the Bursars to the Federal Government on their proposed operations and procedures of financial and resources management in the NUS.

Herein are the excerpts of the communiqué of the Bursars presented for the reading delight of our esteemed Stakeholders.

COMMUNIQUE OF THE MAIDEN MEETING OF NUC-FEDERAL UNIVERSITIES BURSARS HELD AT THE NATIONAL UNIVERSITIES COMMISSION (NUC), **ABUJA ON AUGUST 1, 2017.**

PREAMBLE

On 1st August 2017, the Bursars of Nigerian Federal Universities held a one-day interactive meeting with the National Universities Commission (NUC) at the Commission's Secretariat, Abuja.

The meeting was convened by the Executive Secretary, NUC, Professor Abubakar Adamu Rasheed, mni, MFR, to discuss issues on, application of Federal Government extant circulars, budget preparation and collation, conversion to IPSAS accrual basis, common accounting and reporting platform, and challenges faced by the Federal Universities and the need to have a closer collaboration with the NUC.

The Executive Secretary in his opening speech informed the forum that the commission is not interested in micro-managing the universities, but more in the operations of the federal universities/centres especially in areas of resource management and utilization. The issues noted and resolutions reached at the end of the maiden interactive meeting were as follows:

1. APPLICATION OF FEDERAL GOVERNMENT ESTABLISHMENT **CIRCULARS**

• The meeting noted that Federal Government regularly issues Establishment Circulars addressed to statutory Commissions, Ministries, Department and Agencies (MDAs).

- The meeting also noted that most of such circulars do not specifically include Federal Universities/Centres, inferring that such circulars are not applicable to the Federal University System.
- The meeting further noted that the contents and directives in the circulars as well as the Financial Regulations are in conflict with the provisions of the various Federal Universities Laws, which are Acts of the National Assembly.

Resolution

- The meeting resolved and set up a 6-Man technical committee to study the Federal Government Establishment Circulars, the Financial Regulations and the Federal Universities Acts, with the view to identifying areas of conflicts and make appropriate recommendations.
- The technical committee which was given one month to submit its report comprised of the following members:

NAME UNIVERSITY POSITION

Mr. Abdu Gimba Fed. Univ. Dutse Chairman Mr. E.A.A. Oresegun Fed. Univ. Akure Member Mrs. Oyewunmi O.O. Fed. Univ. Abeokuta Member Mr. Eseneyen J. Moses Fed. Univ. Uyo Member

Mr. Samuel Inengite Fed. Univ. Effurun Member Mr. S.A Batagarawa Fed. Univ. Sokoto Member

2. COMMON ACCOUNTING AND REPORTING PLATFORM

• The meeting noted that Federal Universities do not operate a uniform accounting and reporting platform. This has negative impact on harmonization and consolidation of Universities Financial accounts and reports.

Resolution

- The meeting accepted that there was the need for a common accounting and reporting platform amongst the universities.
- It was resolved that there was the need to study the National Chart of Account (NCOA) with a view to make suggestions to the Office of the Accountant General of the Federation (OAGF) for the incorporation of account codes to address the peculiarities of the Federal University system.

3. CHALLENGES BEING FACED BY FEDERAL UNIVERSITIES AND THE NEED FOR CLOSER COLLABORATION **WITH NUC**

The meeting noted the communicating gap between the Federal Universities and the Commission, especially with respect to universities bursary operations and other financial matters.

Resolution

Theforum resolved that the collaboration between the Bursar's of theFederal Universities and the NUC should be strengthenedthrough quarterly interactions, so as to engender actions and processes to ameliorate the challenges faced by the Federal University system.

4. POSITION PAPER ON INTERNALLY GENERATED REVENUE(IGR)

The meeting noted that all funds received by federal universities/centresare erroneously viewed by outsiders as Internally Generated Revenues (IGR). This has given the wrong impression that Federal Universities/Centres generate huge revenue payable to the Consolidated Revenue Fund (CRF).

Resolution

The forum resolved that this wrong impression needs to be corrected and therefore advised Bursars to clearly differentiate between non-revenue receipt (third party funds) and revenue receipts in their financial records and statements for proper accountability and reporting.

APPRECIATION

The Association of Bursars of Nigerian Universities (ABNU) congratulated the National Universities Commission for successfully initiating, organizing and hosting the Federal Universities Bursars and promised to strengthen their collaboration with the Commission in order to resolve the challenges faced by the Federal Universities in their financial operations.

NUC EXTENDS DEADLINE FOR THE PUBLICATION OF NIGERIAN UNIVERSITIES YEARBOOK

The National Universities Commission is in the process of publishing a Directory/Handbook of Nigerian Universities (Nigerian Universities Yearbook).

The Yearbook will essentially serve as a handbook of reference on Universities in Nigeria and is expected to provide easy access to one-stop information on principal officers, programmes available, entry requirements, list of academic staff, especially the professorial cadre and contact officers for strategic operations within the university system.

Pursuant to the achievement of this objective, Vice Chancellors of Nigerian universities were requested since 28th June, 2017, to furnish the Commission with information in a prescribed format duly forwarded to all Universities with an initial deadline of 28th July which was later extended to 11th August, 2017 Regrettably, however many Universities are yet to supply the requisite information.

Consequently, the Commission has decided on **final** extension which will terminate on **15**th **September, 2017**.

Vice-Chancellors of Nigeria universities should please note that the Commission will go ahead with the publication of the year book at the end of this deadline whether or not all universities have supplied the required data.

The Commission counts on the prompt response of defaulting universities to ensure that all Nigerian Universities are accounted for in the 2017 (maiden) edition of the Nigerian University Year book/Directory.

NATIONAL UNIVERSITIES COMMISSION IPSAS IMPLEMENTATION

Introduction:

The Federal Executives Council at its meeting held on 28th July 2010 approved that Nigeria should adopt the provisions of the International Financial Reporting Standards (IFRS) and International Public Sector Accounting Standards (IPSAS) for Private and Public Sectors respectively.

Consequently, the Federation Accounts Standards Allocation Committee (FAAC) at its meeting held on 13th June 2011 setup a Sub-Committee to provide a roadmap for the implementation of IPSAS in the three tiers of governement in NIgeria.

The Roadmap to the adoption of IPSAS was phased as follows:

- Full Adoption of IPSAS Cash effective from1st January, 2014.
- Adoption of IPSAS Accrual effective from 1st January 2016.

The National Universities Commission (NUC) has commenced the IPSAS implementation project that will enable a seamless adoption of the IPSAS accrual in the preparation and presentation of Financial Statements in line with the directives of Federation Accounts Allocation Committee (FAAC) Sub-Committee on implementation of IPSAS.

Implementation Approach:

NUC is partnering with Nexia Agbo Abel & Co, to adopt a phased implementation approach which shall focus on the following areas;

- Regulatory Compliance
- Technical Accounting & Reporting
- Knowledge & Resource Management
- Process, Technology & Infrastructure

 Results Based Management

 - Easy Comparison
 - Competitive Advantage

- - Consistency

Comparability

Expected Benefits:

At the end of this implementation project, NUC's financial reporting is expected to be fully IPSAS accrual

compliant in line with the directive. This will ensure greater level of transparency, accountability and consistency in financial reporting just like similar Public Sector Entities (PSE),

IPSAS

 Transparency Accountability

high-quality financial statements based on globally acceptable standards and audit

efficiency.

Implementation Committee

In line with the National Treasury Circular Ref. No. TRY/A5 & B5/2014 and OAGF/CAD/POL/C.0301/VOL. I/VOL.I of 23rd October 2014, the composition of the Commission's IPSAS Implementation Committee include:

Executive Secretary Chairman Director, Finance and Accounts Vice-Chairman Director, Management Support Services Member **Head of Internal Audit** Member **Head of Information & Communication Technology** Member Member **Head of Treasury Head of Budget** Member Head of IPSAS/Fixed assets Member **Head of Procurement** Member **Head of Final Accounts** Member/Secretary

NATIONAL UNIVERSITIES COMMISSION

ADVERTORIAL CONFIRMATION OF APPROVAL OF THE NIGERIAN UNIVERSITIES e-LEARNING PROGRAMME

The general public is hereby informed that whereas the Commission maintains its stand that online degrees are not accepted in Nigeria at the moment, this does not include the approved Nigerian Universities e-Learning Programme run within the shores of Nigeria.

The Nigerian Universities e-Learning Programme is a legitimate and well thought out pilot e-learning initiative. It is a Public Private Partnership between the National Universities Commission (NUC), Park Associates E-Learning Group, and four federal universities. Its goal is to provide new opportunities for students to access university education in Nigeria.

The four Participating Universities are:

- University of Uyo; i.
- National Open University of Nigeria; ii.
- iii. Usmanu Danfodiyo University, Sokoto; and
- University of Maiduguri.

Students enrolled in the Programme can select any of the following undergraduate degree programmes: Economics, Banking & Finance, Accounting, Business Administration and Marketing for which they have requisite qualifications. The Programme for now is only available for candidates who wish to obtain BSc Degree in Economics.

The Commission wishes to use this medium to allay all fears and doubts concerning the legitimacy or NUC endorsement of the Nigerian Universities e-Learning Programme. This is one of the avenues that the National Universities Commission is exploring to increase access to university education without compromising quality. Students in the Programme are therefore advised to continue to pursue their studies without fear and prospective applicants are encouraged to enrol. Concerned parents, guardians, students and the general public may contact the Commission for further clarification on the Programme under reference.

NATIONAL UNIVERSITIES COMMISSION

IMPLEMENTING STEPS FOR NEW MEDICAL SCHOOLS, ACCREDITATION ISSUES AND THE NEW MINIMUM BENCHMARK (2015) FOR THE MBBS/BDS PROGRAMMES

PROGRAMMES

Following several Stakeholders' meetings in the last two years and as a prelude to the formal release of the New Minimum Academic Benchmark (2015), proprietors of Medical and Dental Schools in Nigeria (both current and prospective) are requested to note the following implementing steps including relevant adjustments relating to accreditation of Medical/Dental Schools.

- 1. From 1st September 2015, both current and prospective proprietors of Medical and Dental Schools should:
- Write a letter to the Executive Secretary stating their intent and provide relevant information as available. a.
- On receipt, (if NUC has no obvious reasons to disqualify the application), they would be sent a copy of the BMAS for MBBS/BDS and advised firmly to ensure that they are strictly complied with.

- c. The setting up of medical schools is not an emergency exercise. To this end, prospective proprietors must own and have in place (prior to a request for a Resource Verification), a fully functional and well run tertiary type hospital. In the circumstance of the above not being in place, consideration for an affiliation with a tertiary government-owned institution may be given only when the said university owns a medical institution fully functional with a minimum of 150 beds and a rural health medical unit. (See Appendix 4 of the BMAS).
- d. A Pre-clinical Accreditation would be expected to take place within two years of a positive Resource Verification. Students can only sit for the second MBBS professional examination (Anatomy, Physiology and Biochemistry) when they have a successful preclinical accreditation. The preclinical accreditation would, amongst others, concentrate largely on the Department of Anatomy, Biochemistry, Physiology, Pathology and Pharmacology and to a lesser extent, Community Health. All evaluated departments must have the minimum requirements in terms of academic staff, non academic staff and laboratory facilities. (See Appendix 3 of the BMAS)
- e. The Commission has now approved a Clinical Accreditation expected to take place within twelve months of a successful preclinical accreditation. Subsequent to that, a reaccreditation exercise will take place every five years.
- 2. With respect to established medical schools, (and irrespective of their accreditation status), it should be noted that only institutions that (by the deadline of March 20th, 2016) have requested and obtained formal approval from the National Universities Commission for a re-evaluation based on the following considerations would be allowed to admit students into the MBBS/BDS programmes from the 2016/2017 academic year:
- a. All Medical and Dental schools must have an approved, and appropriately utilized, Clinical Skills/Simulation centre.
- b. Ensure strict adherence to the proper use of the course system for all approved programmes in Nigerian Universities. The implication of the above is that a particular programme (subject) is taught not only broken into cluster units of 1-4 but also have the components of university supervised examinations. For clarity, current end of posting examinations (practiced by some medical/dental schools) that neither have units allocated nor follow the standards of a University examination, do not conform to the Minimum Academic Standards as established by the National Universities Commission.
- c. Universities are strongly urged to immediately review their current methods of teaching medical and dental students to include more tutorials, self study group teaching, use of IT in the delivery of courses and simulation/competency based evaluations that must be signed by a lecturer not below the status of a senior lecturer. It must be noted that the confirmation of a successful simulation/competency based evaluation should be a mandatory requirement before the students are eligible to sit for the various professional/sessional examinations
- 3. Proprietors are urged to note the Essential Component changes of the new curriculum expected to be in use from the 2016/2017 academic session. Details of these changes are available in the New Minimum Academic standards booklet and at the National Universities Commission website. (www.nuc.edu.ng.) Major components include the following:
- (a) The approval of three alternative models viz;
- i. A seven year MBBS/BDS programme that encompass a mandatory seamless four-year acquisition of the B.Sc. (Basic Medical Science) with interest in either Anatomy/Physiology/Biochemistry. At the end of seven years, students would have acquired the Bachelor of Basic Medical Science, Bachelor of Medicine and Bachelor of Surgery degrees. In case of the dental programmes, the students would have acquired a degree in Basic Dental Science and Bachelor of Dental Surgery.
- ii. In order to allow for career change for interested non-medical health professionals, the Commission has also approved a four year programme leading to MBBS/BDS for interested and qualified graduates of Nursing, Pharmacology, Physiotherapy, Image Science, Paramedics, Anatomy, Physiology, Biochemistry and Pharmacology. It must be noted for such to be considered for admission they must have at the WAEC/NECO levels minimum credit scores in Mathematics, English, Physics, Chemistry and Biology at one sitting, prior to the admissions for their first degrees. They must also have a good CGPA.
- iii. Admission into universities based on the current six year programme would be allowed to continue as suitable alternative based on the discretion of the University.
- iv. It should be noted and emphasized that all the above degrees have the Bachelor appellation as they remain undergraduate programmes.
- (b) Specific periods of posting to the department of Family Medicine. The obvious implication here is that, the Universities should create the Department of Family Medicine following their due process.
- (c) Redesignation of the Department of Pharmacology to the Department of Pharmacology and Therapeutics. The department is now expected to provide relevant basic clinical teaching and conduct relevant professional examination in Pharmacology. They will also be expected to provide relevant clinical teaching in Therapeutics. All Universities should set in motion the machinery to achieve the above.
- 4. In view of the above essential component changes of the new curriculum, the Commission will be organising a National training for Medical teachers in Nigerian Universities. Details of the training would be made available shortly.
- 5. Interested stakeholders are invited to send comments/suggestions on the above to: The Executive Secretary, NUC, rasheed3h@gmail.com and copy to chiedu.mafiana@gmail.com

GUIDELINES ON PART-TIME AND SANDWICH PROGRAMMES IN NIGERIAN UNIVERSITIES

Below are guidelines for conducting Part-time and Sandwich programmes in Nigerian universities. All universities currently operating Part-time programmes are expected to comply with the guidelines on programme by programme basis.

Consequently, universities still interested in running Part-time programmes are advised to forward fresh applications to the NUC on programme by programme basis.

This is, however, subject to the readiness of the university to comply with the following extant guidelines on part-time programmes:

- 1. The admission and graduation requirements, Staffing, Library and physical facilities requirements must be in line with the Benchmark Minimum Academic Standards (BMAS) for the various full-time academic programmes;
- 2. For a programme to be eligible to run on part-time basis, the approved full-time equivalent must be available in the university, must have earned full accreditation and must be run within approved campuses;
- 3. The enrolment into part-time programmes must not exceed 20% of total students' population in the programme;
- 4. The minimum duration of the part-time programmes must be 150% of the approved duration of the Full-Time equivalent;
- 5. Approval shall not be granted for part-time programmes in Environmental Sciences, Engineering/Technology, Law, Medicine/Medical Sciences, Pharmacy /Pharmaceutical Sciences, Dentistry; and Veterinary Science;
- 6. All admissions into part-time programmes must be through the Joint Admissions and Matriculation Board (JAMB). Part-time programmes must be run within approved campuses of universities where the human and material resources for the teaching of the programmes are domiciled, i.e. on the main campus of the university;
- 7. Part-time programmes shall be subjected to the NUC accreditation assessment upon maturity of the programme;
- 8. For any programme to be eligible for part-time mode, it must have produced two (2) sets of graduates and satisfied the Resource Verification Requirements.
- 9. Commencement of a part-time programme MUST be subject to NUC's approval. Approval of commencement of all parttime programmes must be obtained.

The National Universities Commission shall not hesitate to apply appropriate sanctions on any university which violates any of the stipulated Guidelines on Part-Time and Sandwich Programmes.

List of Universities with Approved Postgraduate Programmes

The National Universities Commission (NUC) has observed with great concern that some Nigerian universities are running unapproved postgraduate programmes, leading to the award of Masters and PhD degrees. The Commission has also observed that some Parastatals and Institutes are awarding these same Postgraduate degrees, either on their own or through unapproved affiliations with Nigerian and foreign Universities. Such practices are not only unethical, but also antithetical to time-tested quality assurance best practices. The qualifications/awards resulting therefrom are not recognized. The Commission hereby notifies the general public that only the following universities have approval to offer postgraduate programmes at the Masters' and Ph.D levels in Nigeria, as of 30th July, 2012:
