

Conduct Research on Effects of Govt Policies — President Buhari Charges Varsities

President Muhammadu Buhari, *GCFR*, has called on Nigerian universities to conduct cutting edge researches on the effects of government policies on the lives of Nigerian citizens.

The president made the call in the Visitor's address at the 23rd combined convocation of University of Maiduguri (UNIMAID) held recently.

The President pointed out that the present administration acknowledged the unparalleled role of universities as catalysts of industrialisation and knowledge economy and promised to continue to encourage the Nigerian University System (NUS), to key into government policies which have been created to encourage research.

He reemphasised that globally, universities through their

postulated that by the year 2050, Nigeria will be the 3rd most populated country in the world. It is therefore, incumbent on Nigerian universities to begin to research and analyse the implication of this impending development on the various sectors of the economy and proffer recommendations that will assist Government and all relevant stakeholders mitigate the effect of this increase in population”,

Mr. Buhari further stated that the

Pro-Chancellor and Chairman,

Government had directed the National Universities Commission (NUC), to mobilise universities on the need to rejig their academic prowess towards relevant research that would greatly improve the areas of agriculture, Science and technology, healthcare, security, infrastructure and transportation. This, he said, would prepare Nigeria for the projected growth, stressing that the NUS and the Government must continue to be partners in progress at all levels.

President Buhari also urged the NUS to chart the course for curriculum development and review, which would be tailored towards training students to be critical thinkers in providing solutions to the challenges that were inimical to national development. He said that the Government would continue to support capacity building in Nigerian universities in order to be relevant in the globalised world.

“It is one thing to ensure the periodic review of Nigerian university curriculum to meet national needs and be relevant to global demands and another, to ensure that we strategically build capacity to bring academics up to date with new trends in their respective subject areas as we respond to the dynamism of the curriculum and achieve the desired impact”, he stated.

He therefore, pledged that the Government would devote attention to technical and vocational training, to impart the youth in a bid to provide the

requisite competent and self-reliant manpower that can sustain the nation’s economy.

The President commended the Management, staff and students of the university for defying all odds and remaining resolute on delivering the university’s mandate, despite the security challenges in the north east.

The Chancellor of the university, His Majesty, Oba Lamidi

Vice-Chancellor,
Prof. Abubakar Ibrahim Njodi

Olayiwola Atanda Adeyemi III of Oyo, expressed concerns that although the Government was overwhelmed with security challenges across the country which had gulped substantial resources, it should improve budgetary allocation to the education sector to meet international benchmark, given the important role of education in nation building.

He also appealed to the Federal Government to give special consideration to UNIMAID due to the adverse environment it was operating, as he called on corporate bodies and philanthropists help the university overcome the challenges posed by inadequate funding.

He reminded the graduands that as youth, they were the hope of the nation, as they represented the future and remained major stakeholders in the development of Nigeria.

He said that though things might initially seem to be tough, he was optimistic that better things await Nigeria, given the commitment of the present administration to create jobs, fight corruption, stabilise the economy and restore peace and tranquillity.

The Chancellor urged the graduands to always conduct themselves with decorum, patriotism and sense of responsibility and let those noble values be their motivating and guiding principles in life, where he pleaded that as some of them may be engaged in the 2019 general elections, their conducts should be exemplary by ensuring accountability and transparency as well as promote unity and peaceful coexistence.

In his address, the Pro-Chancellor and Chairman, Governing Council, Prof. Biodun Adesanya, lamented the dwindling and inadequate funding of education at all levels, which over the years

had been regarded as the exclusive responsibility of the Federal and State Governments.

He explained that poor funding had led to a gross loss in the NUS due to lack of required facilities, fall in standards and low quality graduates, incessant strike actions and “brain drain” as well as unending quest for greener pasture. He said that it had also limited the capacity of the institutions to expand and increase admission of candidates seeking opportunities yearly.

Prof. Adesanya noted that each year, more than one million candidates sit for the Unified Tertiary Matriculation (UTME) out of which only 30% could be admitted, adding that with better funding, the institutions could increase their admission rates and provide better opportunities for the teeming youths.

The Pro-Chancellor further stated

R-L: Representative of the President, Prof. S.U Abdullahi (2nd right), Dr. (Mrs.) Maryam Sali, Rep. of the Minister of Education, the Pro-Chancellor, Prof. Biodun Adesanya (1st right) and Muhammad Babangida

that much as Government had to continue to bear the greater responsibility, it was time to encourage existing alternative sources and explore new ones, emphasising that funding education was a critical task that required active involvement of all stakeholders.

He said that it was an established fact that most universities in the developed world were sustained by personal donations from individuals and corporate bodies, which he said was due to the practical research value those universities add to the society.

The Chairman decried the low budgetary allocation to education which he said had been far below the UNESCO recommended international benchmark for development, urging the Government to increase funding for education. He commended the role of TETFund in the provision of infrastructure and research

funding for tertiary institutions, as he called for the creation of equal bodies as TETFund for the primary and secondary schools to revamp basic education sector.

Prof. Adesanya appealed to Nigerian elites and corporate organisations to support the Government in funding tertiary institutions.

He restated that establishment of linkages with foreign institutions

was another high source of funding which had not been properly utilised by Nigerian Universities, as he also advocated for community sponsorship of candidates as another way of funding education for national development.

In his speech, the Vice-Chancellor, Prof. Ibrahim Abubakar Njodi, explained that due to the remarkable improvement in the security situation in the state, the university was able to graduate the two sets of students, 2015/2016 and 2018/2017. He commended both the Federal and state governments as well as other well-meaning individuals for their continuous commitment towards securing the University, to ensure that academic activities were sustained despite the security challenges.

Prof. Njodi expressed profound appreciation to the Federal Government for the painstaking efforts and negotiations that led to the rescue of the three (3) abducted staff of the university, who were on exploration research work on the

Chad Basin, He said that UNIMAID would not be discouraged by the ugly incidence that led to the abduction and loss of lives of some members of the team including six (6) staff and security agents during the exploration exercise.

The Vice-Chancellor expressed the university's commitment and willingness to continue with its collaboration with the NNPC to resume work and complete the assignment on the oil exploration in the Chad basin area.

Prof. Njodi informed that UNIMAID had recently established more partnerships and linkages to improve the quality of teaching and research. He said that the Centre for the Study and Promotion of Cultural Sustainability (CSPCS), in partnership with the University of Hildesheim in Germany was

established to promote research in North East Cultures and retrieval of cultural items of the region in European countries, especially, Germany.

He said that the Centre was a collaborative research by UNIMAID, University of Cape Coast, Ghana and University of Hildesheim, Germany. The Graduate school, under the Sustainable Development Goals, was the first in Africa and had six (6) Masters' and six (6) Doctoral (PHD) students from the collaborating universities with full sponsorship by the German Academic Exchange Service DAAD, with funds from the German Federal Ministry for Economic Cooperation and Development.

The Vice Chancellor called on the Federal Government to consider setting aside a special allocation to enable the University strengthen the Centre

for Peace, Diplomatic and Development Studies (CPDDS) as well as set up for specialised Centres that would be dedicated to the studies of armed conflicts, Terrorism and Humanitarian Law among others.

To the graduating students, Prof. Njodi reminded them that the university considered its Alumni as one of its greatest assets and strategic partners that have a key role to play in its continuous development. He therefore urged them to be conscious of their responsibilities to the nation and humanity in general.

The Convocation also witnessed the appointment of three distinguished and reputable academics as Emeriti Professors, who joined the services of the university as pioneer staff. They were Profs. Emeriti Abdulhamid Abubakar, John Akin Akinniyi and Joseph Alumnona Ijere.

FG Releases N138b to UBEC in 3 Years

As part of its renewed commitment towards strengthening the education sector for national development, the Federal Government had in the last three years, released over 138 billion (N138 BN) naira to the Universal Basic Education Commission (UBEC), as matching grant to boost the basic education system in Nigeria.

The Minister of Education, Mal. Adamu Adamu made this known at the 2018 National Personnel Audit (NPA) of all basic education institutions in Nigeria, where he stated that the funds were being accessed by states that had paid their counterpart contributions and the Federal Capital Territory (FCT).

On the staff Audit exercise, the Minister was optimistic that it would create a strong foundation for the emergence of a sound system that would further strengthen the current National Educational Management Information System (NEMIS), which served as a key pillar of the nation's educational planning architecture.

He enjoined all stakeholders in the education sector including the private sector, civil society organisations, communities and parents to cooperate with the National Planning Committee of the 2018 NPA, to ensure the success of the exercise, as Government cannot do it all alone.

Malam Adamu Adamu
Honourable Minister of Education

Mal. Adamu Adamu reiterated that the education of Nigerian children was the responsibility of all and therefore, all hands must be on deck to gather the needed data to plan for the best education that the Nigerian child deserved.

In his remarks, the Executive Secretary, UBEC, Dr. Hammid Bobboyi said that the major objectives of the audit include the creation of reliable data on pupils enrolment, determining the number and quality of teaching and non-teaching staff in the subsector as well as the state of infrastructural facilities in the school system.

He stated that the audit exercise was being undertaken in two phases of which the first phase kicked off on 30th April and

would cover all the southern geopolitical zones of the country namely, South-West, South-East and South-South, while the second phase would begin from 3rd - 26th June, to cover the Northern geopolitical zones comprising North-West, North-Central and North-East.

Dr. Bobboyi further explained that the data collected from the exercise, would provide the basis for the determination of some Key Performance Indicators (KPIs) in the basic education and aid in the realisation of the Sustainable Development Goals (SDGs). He added that the data would also be fed into the National databank for global reporting in line with NEMIS policy.

Insurgents Killed Over 2000 Teachers in North East

— Minister Calls for Urgent Action

The Minister of Education, Malam Adamu has stressed the urgent need to protect education from attacks, pointing out that without access to quality learning, the children would not only be deprived of education; they could be robbed of future opportunities capable of affecting the entire society.

The Minister expressed concern over the systematic destruction and targeting of education by the insurgents. He noted that over 2,295 teachers had been killed and 19,000 others displaced in Borno, Yobe and Adamawa states in the last nine years.

In the same vein, an estimated 1,500 schools have been destroyed since 2014, with over 1,280 casualties among teachers and students, thereby devastating the school system, he said.

Malam Adamu Adamu made the revelation in his keynote address at an Inception Workshop for Review of the Legal Framework on the Protection of Education from attack in Nigeria last Wednesday, which was organized by the Federal Ministry of Education with support from its Development Partners at the Bolton White Hotel, Abuja.

The Minister who was

Malam Adamu Adamu
Honourable Minister of Education

represented by the Permanent Secretary of the Ministry, Arch. Sonny Echono stressed that the idea that education could and should continue during and despite conflict was not evident for many people, especially compared to basic life- saving services such as medical assistance, shelter, food or water and sanitation.

He said that by joining Nigeria in the struggle to address the challenge, the Partners have committed to undertake commonsense steps to make it less likely that students, teachers and schools would be attacked, and to mitigate the negative consequences when such attacks

occur.

Earlier in a welcome address, the Director of Education Support Services, Mrs Justina Ibe who represented the Permanent Secretary, said there was need to develop a sound legal framework to ensure proper implementation of the Safe School Initiatives for protecting schools from attacks.

According to him, the workshop was meant to formally inform stakeholders about the legal review research study on the protection of education from attack to interact and share experiences with countries that implemented the Declaration.

Officials were invited from some

Federal Government educational institutions that were victims of attack by insurgents to give detail account of how the attacks were carried out on their institutions.

Representatives of International Development Partners and other

organizations presented goodwill messages at the occasion, expressing their commitment to the declaration to protect education from attack. The organizations include: Head, UK Department for International Development in Nigeria; Country Director, Plan International

Nigeria; Nigeria Country Director, Save the Children and the Country Representative of the United Nations Children Emergency Fund (UNICEF).

Others were the representatives of Economic Community of West African States (ECOWAS) as well as the Nigerian Union of Teachers.

Ritman University Installs First Chancellor

Rep. of ES NUC, Mrs. Essien Usendiah (2nd left), Chancellor of the university, Sen. Godswill Akpabio and other Principal officers of the university

Senator Godswill Akpabio, CON, had been installed as the first Chancellor of Ritman University, Ikot Ekpene, Akwa Ibom State.

The Chairman, Board of Trustees, of the university, Senator Effiong Bob, joined the Vice-Chancellor in welcoming the audience to the university and wished them a fruitful stay in Akwa Ibom State. He specifically commended the leadership of the state for

providing an enabling environment for private promoters of university education to contribute their quota to the development of the education sector. He commended the Pro-Chancellor, Vice-Chancellor and indeed Management and staff of the university for their organizational prowess.

Sen. Bob specially congratulated the Chancellor-designate for his selection by the university's BoT

and enjoined him to see his installation as a call to higher service.

The BoT Chairman expressed his heartfelt appreciation to the National Universities Commission for supporting the vision of the university and reassured the Commission and indeed the general public of the sustained commitment of the university to play by the rules of engagement, towards the delivery of quality university education for

national development and global competitiveness.

The Vice-Chancellor of the university, Prof. Celestine Ntuen, PhD, FIIE, MNSE, welcomed the Governor of Akwa Ibom State and all dignitaries to the installation ceremony of the first Chancellor of the university.

He stated that the choice of Senator Godswill Akpabio as

Chancellor by the Board of Trustees was in recognition of his immense contribution to the development of the state especially in the areas of education and infrastructure when he held sway as the Executive Governor of the State for eight years. He particularly expressed his heartfelt gratitude to the invitees for honouring their invitation and asserted that the goodwill accorded the university, would undeniably,

take it to greater heights.

After the installation, the Chancellor was handed the scroll containing the university's Law.

He was subsequently robed in the regalia of his new office by the Executive Secretary, National Universities Commission, represented by the Director, Inspection and Monitoring, Mrs. E.O. Usendiah and assisted by the Vice-Chancellor.

The event also features a public Lecture titled "The Theatrical Comic Genre and the Therapeutic: A Discourse" was presented by Professor Effiong Johnson of the Theatre Art Department, University of Uyo.

Goodwill messages were delivered by the Executive Governor of Akwa Ibom State, Mr. Emmanuel Udom, Pro-Chancellor and Chairman of Council of the host university and the Executive Secretary, National Universities Commission.

The Office of the High Commissioner for Human Rights of the United Nations and the Centre for Human Rights, University of Pretoria, invite

STUDENTS FROM ALL UNIVERSITIES IN THE WORLD

to participate in the

10th NELSON MANDELA WORLD HUMAN RIGHTS MOOT COURT COMPETITION,

PALAIS DES NATIONS, GENEVA, SWITZERLAND, 15 – 20 July 2018

Students from all universities in the world are invited to participate in the prestigious Nelson Mandela World Human Rights Moot Court Competition in 2018. The year 2018 will not only mark the tenth year in the life of the Competition, but it will also be an opportunity to celebrate the 70th anniversary of the Universal Declaration of Human Rights, and the 100th birthday of human rights icon Nelson Mandela. The final rounds will be held at the United Nations Headquarters in Geneva from 15 to 20 July.

Each year undergraduate and masters' level students who wish to participate in the Competition submit written legal arguments for the opposing sides in a fictional dispute involving some of the burning human rights issues of the day. The teams with the highest scores from each of the five UN regions are then invited to participate in the final, oral rounds in the Human Rights Council Chamber in the Palais des Nations. The case is heard by a panel of eminent international jurists, including judges from international tribunals. Many participants have described participation in the Moot as the highlight of their studies.

In 2018 the Competition will for the first time be presented not only in English, but also in French. In future years the other UN languages, namely Spanish, Chinese, Russian and Arabic, will also be used.

The teams that are selected to participate in the final rounds in Geneva are expected to cover their own traveling costs as well as accommodation and meals, although limited financial assistance is available.

The last day for submission of memorials is 16 April 2018.

More information on the Competition is available at <http://www.chr.unep.ch/worldmoot>

Endogenous Knowledge, Appropriate Technology and Innovation: Linking the Past and the Future

The 8th International Conference on Appropriate Technology will

- 1) Promote Knowledge-based Endogenous Development and the diffusion of related innovations to support Appropriate Technology (AT) practice
- 2) Identify, initiate and combine AT contributions based on both pre-modern and modern knowledge in a manner that is rooted in an appropriate historical perspective
- 3) Provide a forum for networking on AT solutions for the 21st century through the recognition, valorization and re-appropriation of locally-grounded knowledge and practices

Background

Locally-grounded and useful knowledge, both tacit and codified, is one of the most reliable bases for long term, sustainable prosperity. Unfortunately, much of this knowledge remains under-recognized and undervalued, with tumkey solutions from elsewhere often being presented as readily available or convenient. At present, large numbers of people in the Global South, particularly in Africa, still lack access to clean water, sanitation, clean energy, reliable food and nutrition, and safe transportation, among other challenges. Yet in those same societies, some people have time-tested, demonstrable approaches to resolving them, while others are engaged in cutting-edge scientific research and technological development.

All of these, to the extent that they are informed by contextually-relevant needs, and priorities represent an endogenous knowledge resource base. However, refining, upgrading, applying and diffusing this knowledge in the form of improved products, services and practices also requires the dissemination of lessons and experiences between similarly motivated actors from a broad cross-section of any given society: In exploring various local challenges together from an Appropriate Technology perspective, we believe that we can contribute to a more plural, multi-centric, equitable, sustainable and ultimately more just global community.

NATIONAL UNIVERSITIES COMMISSION

ADVERTORIAL

NUC MAKES HISTORY IN RANKING OF OPEN EDUCATIONAL RESOURCES (OER)

The National Universities Commission has made history in conducting the first-ever ranking of Open Educational Resources (OER) held in institutional repositories. It is the first exercise of its kind in the world and it was initiated by the Executive Secretary of NUC, Professor Abubakar Rasheed, Mni, MFR for application in the Nigerian University System. The exercise showed that with 12,070 quality OER holdings presented by 50 universities for the inaugural exercise, Nigerian Universities are now among the best in Africa in OER. It is estimated that with full release of the OER holdings and participation by all universities, this number may quadruple in the next two years making the Nigerian University system the richest in OER in Africa. The OER ranking exercise is to be conducted twice a year.

Open Educational Resources (OER) are teaching, learning and research materials in any medium, digital or otherwise, that reside in the public domain or have been released under an open license that permits no-cost access, use, adapt and redistribute by others with no or limited restrictions. They are technology-enabled, open provision of educational resources for consultation, use and adaptation by a community of users for non-commercial purposes. Materials that constitute OER include curriculum maps, course materials, textbooks, streaming videos, pictorial materials, multimedia applications, podcast, and any other materials that have been designed for use in teaching and learning environment.

The OER ranking exercise was conducted by the 12-member National Experts Group on OER Ranking (NEGOR) and a four-person team of external experts from outside Nigeria.

Fifty universities that participated in the inaugural edition were ranked by (a) ownership (federal, State and private) and (b) generation within ownership. The results are shown below.

NATIONAL UNIVERSITIES COMMISSION

ADVERTORIAL ON CONFIRMATION OF APPROVAL OF THE NIGERIAN UNIVERSITIES e-LEARNING PROGRAMME

The general public is hereby informed that whereas the Commission maintains its stand that online degrees are not accepted in Nigeria at the moment, this does not include the approved Nigerian Universities e-Learning Programme run within the shores of Nigeria.

The Nigerian Universities e-Learning Programme is a legitimate and well thought out pilot e-learning initiative. It is a Public Private Partnership between the National Universities Commission (NUC), Park Associates E-Learning Group, and four federal universities. Its goal is to provide new opportunities for students to access university education in Nigeria.

The four Participating Universities are:

- i. University of Uyo;
- ii. National Open University of Nigeria;
- iii. Usmanu Danfodiyo University, Sokoto; and
- iv. University of Maiduguri.

Students enrolled in the Programme can select any of the following undergraduate degree programmes: Economics, Banking & Finance, Accounting, Business Administration and Marketing for which they have requisite qualifications. The Programme for now is only available for candidates who wish to obtain BSc Degree in Economics.

The Commission wishes to use this medium to allay all fears and doubts concerning the legitimacy or NUC endorsement of the Nigerian Universities e-Learning Programme. This is one of the avenues that the National Universities Commission is exploring to increase access to university education without compromising quality. Students in the Programme are therefore advised to continue to pursue their studies without fear and prospective applicants are encouraged to enrol. Concerned parents, guardians, students and the general public may contact the Commission for further clarification on the Programme under reference.

The attention of the Management of the Tertiary Education Trust Fund (TETFund) is drawn to the mischievous activities of some unscrupulous elements that are visiting public Universities, Polytechnics and Colleges of Education and some regulatory agencies and presenting themselves as staff of, and working with, the Chairman-designate of the Board of Trustees of TETFund. They usually meet the head of an institution, the bursar and/or director of works/physical planning to make all sort of offers/promises of TETFund intervention projects to be allegedly brought to the institution by the Chairman-designate. In exchange, they make different frivolous requests including nominating contractors/consultants and, in many cases, request for financial gratifications.

The Management of the Fund therefore wishes to inform the beneficiary institutions of TETFund in particular and entire public in general that these mischief-makers have nothing to do with TETFund and all their entreaties should be ignored. Anyone that enters into any transaction with them does so at his/her own risk.

All TETFund Staff on official assignment to any institution carry identification and an introduction letter to the head of the institution.

Heads of our beneficiary institutions or members of the public who require any clarification on the activities of the Fund may also call **0800-TETFUND (0800-8383863)** or visit our website www.tetfund.gov.ng.

NATIONAL UNIVERSITIES COMMISSION IPSAS IMPLEMENTATION

Nexia
Agbo Abel & Co

Introduction:

The Federal Executives Council at its meeting held on 28th July 2010 approved that Nigeria should adopt the provisions of the International Financial Reporting Standards (IFRS) and International Public Sector Accounting Standards (IPSAS) for Private and Public Sectors respectively.

Consequently, the Federation Accounts Standards Allocation Committee (FAAC) at its meeting held on 13th June 2011 setup a Sub-Committee to provide a roadmap for the implementation of IPSAS in the three tiers of government in Nigeria.

The Roadmap to the adoption of IPSAS was phased as follows:

- Full Adoption of IPSAS Cash effective from 1st January, 2014.
- Adoption of IPSAS Accrual effective from 1st January 2016.

The National Universities Commission (NUC) has commenced the IPSAS Implementation project that will enable a seamless adoption of the IPSAS accrual in the preparation and presentation of Financial Statements in line with the directives of Federation Accounts Allocation Committee (FAAC) Sub-Committee on implementation of IPSAS.

Implementation Approach:

NUC is partnering with Nexia Agbo Abel & Co, to adopt a phased implementation approach which shall focus on the following areas;

- Regulatory Compliance
- Technical Accounting & Reporting
- Knowledge & Resource Management
- Process, Technology & Infrastructure

Expected Benefits:

At the end of this implementation project, NUC's financial reporting is expected to be fully IPSAS accrual compliant in line with the directive. This will ensure greater level of transparency, accountability and consistency in financial reporting just like similar Public Sector Entities (PSE), high-quality financial statements based on globally acceptable standards and audit efficiency.

Implementation Committee

In line with the National Treasury Circular Ref. No. TRY/A5 & B5/2014 and OAGF/CAD/POL/C.0301/VOL. I/VOL.I of 23rd October 2014, the composition of the Commission's IPSAS Implementation Committee include:

GUIDELINES ON PART-TIME AND SANDWICH PROGRAMMES IN NIGERIAN UNIVERSITIES

Below are guidelines for conducting Part-time and Sandwich programmes in Nigerian universities. All universities currently operating Part-time programmes are expected to comply with the guidelines on programme by programme basis.

Consequently, universities still interested in running Part-time programmes are advised to forward fresh applications to the NUC on programme by programme basis.

This is, however, subject to the readiness of the university to comply with the following extant guidelines on part-time programmes:

1. The admission and graduation requirements, Staffing, Library and physical facilities requirements must be in line with the Benchmark Minimum Academic Standards (BMAS) for the various full-time academic programmes;
2. For a programme to be eligible to run on part-time basis, the approved full-time equivalent must be available in the university, must have earned full accreditation and must be run within approved campuses;
3. The enrolment into part-time programmes must not exceed 20% of total students' population in the programme;
4. The minimum duration of the part-time programmes must be 150% of the approved duration of the Full-Time equivalent;
5. Approval shall not be granted for part-time programmes in Environmental Sciences, Engineering/Technology, Law, Medicine/Medical Sciences, Pharmacy /Pharmaceutical Sciences, Dentistry; and Veterinary Science;
6. All admissions into part-time programmes must be through the Joint Admissions and Matriculation Board (JAMB). Part-time programmes must be run within approved campuses of universities where the human and material resources for the teaching of the programmes are domiciled, i.e. on the main campus of the university;
7. Part-time programmes shall be subjected to the NUC accreditation assessment upon maturity of the programme;
8. For any programme to be eligible for part-time mode, it must have produced two (2) sets of graduates and satisfied the Resource Verification Requirements.
9. Commencement of a part-time programme MUST be subject to NUC's approval. Approval of commencement of all parttime programmes must be obtained.

The National Universities Commission shall not hesitate to apply appropriate sanctions on any university which violates any of the stipulated Guidelines on Part-Time and Sandwich Programmes.

Signed

List of Universities with Approved Postgraduate Programmes

The National Universities Commission (NUC) has observed with great concern that some Nigerian universities are running unapproved postgraduate programmes, leading to the award of Masters and PhD degrees. The Commission has also observed that some Parastatals and Institutes are awarding these same Postgraduate degrees, either on their own or through unapproved affiliations with Nigerian and foreign Universities. Such practices are not only unethical, but also antithetical to time-tested quality assurance best practices. The qualifications/awards resulting therefrom are not recognized. The Commission hereby notifies the general public that only the following universities have approval to offer postgraduate programmes at the Masters' and Ph.D levels in Nigeria, as of 30th July, 2012:
