African Varsities To Contribute More To Global Research

The Secretary-General of African Research Universities Alliance (ARUA), Professor Ernest Aryeetey, has declared that sixteen African universities had come together under ARUA to increase the continents' contribution to global research from one to five percent. Professor Aryeetey, a former Vice-Chancellor of the University of Ghana, made this known at UNILAG during an agenda-setting workshop for ARUA centres.

He said that the group hoped to achieve the objective and that of having 10 African universities among the top 200 in the world in the next 10 years. The group is receiving funding support from the UK Research and Innovation (UKRI).

researchers and institutions globally competitive. By this, we mean in the very near future, the world will be able to pay attention to research from universities in Africa and also African researchers because they will be globally competitive, not safely locked up in their own small world. We want to ensure that within the next decade, UN's decisions on development are based on research, including African research. We want to be sure that in the next decade, when the European Union or the US or any other government like China, or Japan is thinking about what to do for development, it will be driven by research undertaken by Africans”

He emphasised that the first thing was to increase Africa's contribution to global knowledge from one per cent to five per cent in the next decade.

“We also want to increase number of African universities in the top 200 universities in the world from the current one to 10. The University of Cape Town is the only one among the 200. We want to increase the number of PhDs to 75 per cent from 47 percent,” he said.

The Secretary-General said that ARUA had identified 13 thematic research areas which the

universities would focus on. He said that UNILAG had been designated the Centre of Excellence in two research areas ‘Unemployment and Skills Development in Africa’ and ‘Urbanisation and Habitable Cities’ which would receive two hundred thousand (\$200,000) dollars to fund the research activities of the two centres, including facilitating the movement of PhD-Students from various universities.

He said that ARUA would also strengthen the capacity of universities to manage research resources and embark on research advocacy to convince African governments to look to research findings on developmental problems.

“We need to convince African governments that if they do not invest enough in research, they cannot meet the SDGs,” he said.

Professor Aryeetey congratulated UNILAG for winning the right to host two Centres of excellence, which had been launched.

In his welcome address, the Vice-Chancellor, UNILAG, Prof Toyin Ogundipe, commended ARUA for promoting collaborative research among African universities, which he

said was a rare initiative.

He said that UNILAG was competent to manage the centre on skills development, considering its efforts in the area of entrepreneurship development.

He maintained that Tertiary Education Trust Fund (TETFund) had acknowledged the entrepreneurship centre as the best in Nigeria. He said that the university encouraged its students on innovation, incubation, and entrepreneurship for them to be able to run businesses through innovative ideas.

“We want to support research to help achieve the Sustainable Development Goals; we want to help build research capacity in developing countries. We want researchers around the world to work together so we have the best working with the best,” he said.

University of Ibadan and Obafemi Awolowo University (OAU), Ibadan, are the only Nigerian universities in ARUA membership. Other African universities include: Addis Ababa University Ethiopia; Makerere University, Uganda; Rhodes University, South Africa; University of Cape Town; University of Dar es Salaam, Tanzania; University of Ghana and the University of Nairobi, Kenya.

ABUAD Inducts Pioneer Medical Students

NUC Director, DESO, Mr. Chris Maiyaki (3rd left); Founder and Chancellor, ABUAD, Aare Afe Babalola (4th left), Alh. Yayale Ahmed (2nd right) and other dignitaries at the convocation

Afe Babalola University Ado-Ekiti (ABUAD) had inducted the University's 43 pioneer medical doctors into the medical profession.

Delivering a keynote titled: "Medicine by choice or Medicine by Coercion" the Chief Medical Director, University College Hospital, (UCH) Ibadan, Professor Temitope Oluwagbenga Alonge, affirmed that the choice people make in life would make or mar them and so were the choices made for them by forces or authorities without regard to their individual wishes or desires.

He also congratulated the inductees for the feat and appealed to them to uphold the ideals of the medical profession as they journeyed through various phases of life and urged them to take advantage of the available opportunities in the country to

contribute their quota to the growth and development of Nigeria.

In a goodwill message, the Executive Secretary, National Universities Commission (NUC), Professor Abubakar Adamu Rasheed, mni, MFR, FNAL, commended the commitment of the Founder and Chancellor of ABUAD, Aare Afe Babalola and the management of the university towards the provision of quality university education in Nigeria.

Represented by the Director, Executive Secretary's Office, Mr. Chris Maiyaki, the NUC Scribe decried the dismal doctor-patient ratio in Nigeria, describing it as far below the World Health Organisation (WHO) recommended ratio.

He stated that the NUC under his leadership was currently working

with relevant stakeholders and professional bodies in the area of streamlining and re-affirming their distinct roles which, he said, were supposed to be complimentary and not at cross purposes.

He expressed optimism that the discussions would lead to possible review of the current admission quota which had been adjudged to be insufficient and unrealistic, given the global enrolment trends and the challenge that lack of access posed to the Nigerian Higher Education System.

Professor Rasheed, who also commended the Founder for providing state-of-the-art facilities for teaching, learning and research in the university, expressed confidence that the facilities would no doubt, contribute immensely to the production of world class and globally competitive graduates.

The Ooni of Ife, Oba Adeyeye Ogunwusi with the best graduating student Dr. Esther Adaobi Azom

He expressed confidence that the targets set by NUC in its Blueprint for the Rapid Revitalisation of University Education in Nigeria was not only achievable, but held an invaluable promise for solving the national, regional and global challenges confronting mankind.

To the new inductees, the Executive Secretary urged them to be professional in their duties and consider and exhibit the humanitarian virtue of their profession to attend to those in need of their services and in the lowest moments of their lives.

He enjoined them to be compassionate and treat their clientele with utmost courtesy, selflessness and be guided by the fact that their newly-acquired academic accolades could not substitute hard work, professionalism and value which were direly needed attributes that they must strive to attain at all times.

In his message, Aare Afe Babalola, SAN, regretted the falling standard of education in the country, assuring that all hope was not lost as ABUAD existed as a bright star beaming with rays of hope for the education sector.

He said that, ABUAD had been acknowledged as “the pride of university system in Nigeria” and was endorsed by the Association of Vice Chancellors of Nigerian Universities (ACVNU), as “the most successful private

university in Nigeria” and dubbed ‘a world class institution of higher education’ by UNESCO.

Aare Afe Babalola recalled that ABUAD was established some eight-and-half years ago with the purpose of changing the way things were being done thereby, making a difference. He paid tributes to all those who had supported him and the university to remarkable achievements in its short history of existence.

He advised the new Doctors to continually bear in mind the university’s anthem, which emphasised the import of determination, industry and character, adding that as they begin new chapters in their lives, they should always remember ABUAD and be good and great Ambassadors of the university.

Welcoming the guests earlier, the Vice-Chancellor, Professor Michael Oluwafemi Ajisafe thanked Aare Afe Babalola for his great vision which had brought about the unique occasion and accomplishments.

He expressed profound gratitude to the past and present Executive Secretaries of the National Universities Commission (NUC) and Registrars of the Medical and Dental Council of Nigeria (MDCN) for their respective mentoring roles towards the evolution of MBBS programme in ABUAD.

He described the six years journey under the tutelage of the two

regulatory bodies as wonderful journey to distinction and excellence. He congratulated the inductees for the feat, and wished them glorious future and successful professional career.

High point of the event was the presentation of awards to eight best graduating students with distinction in Medicine, Surgery and Community Medicine.

Professor Rasheed donated a laptop to the best graduating student, Dr. Esther Adaobi Azom and a brand new vehicle and handsome cash award from ABUAD were also given to her. The Ooni of Ife, Oba Adeyeye Ogunwusi donated two hundred and fifty thousand (N250,000) naira to the best graduating student and the sum of One million naira to the pioneer

graduating class.

The event was held at the Alfa Belgore Hall of the university, with the theme: "Africa's fastest growing University", the "pride of university system in Nigeria." It was graced by distinguished personalities from Nigeria and beyond.

Teachers want NUC to Enforce French

The University French Teachers Association (UFTAN) has underscored the need for the National Universities Commission (NUC) to enforce the teaching of French as a general studies course as contained in its document on Benchmark for Academic Standard.

UFTAN President, Prof. Austin Stephen Moye, stated this at the 21st National Conference of the association held at Usmanu Danfodiyo University Sokoto (UDUS), an association, we remain committed to ensuring that the graduates of the various departments of French in Nigerian

universities are taught by efficient and proficient teachers," he stated.

To realize this, the president disclosed that regular workshops and seminars were being held for young colleagues on various aspects of their assignments as teachers and researchers.

In his remark, UDUS Vice Chancellor, Prof. Abdullahi Zuru, assured of sustained support to the Department of Modern European Languages/Linguistics and French unit in particular to ameliorate the challenge of low students' enrolment into the programme.

Prof. Rasheed Tours KolaDaisi University

The Executive Secretary, National Universities Commission (NUC), Prof. Abubakar Adamu Rasheed, mni, MFR, FNAL, has commended KolaDaisi University, Ibadan, for the impressive achievements recorded in its second year of operation. Prof. Rasheed gave the commendation when he recently visited the university on Assessment tour.

The NUC Scribe expressed delight that the institution had been able to clear some critical take-off challenges that would enable it to easily attract quality staff and students. He appreciated the university's conducive environment and the leadership in particular.

Professor Rasheed urged for cooperation from stakeholders to sustain the progress made towards achieving the university's vision of becoming an institution of global reckoning, as he also praised the Founder, Chief Kola Daisi, for his foresight, courage and sacrifice towards the success of the university.

He further assured the university of the Commission's continuous guidance, collaboration and cooperation.

In their respective remarks, the Director, Research, Innovation, Information and Communication Technology, NUC, Dr. Suleiman

Prof. Abubakar A. Rasheed
Executive Secretary, NUC

Ramon-Yusuf and the Director of Accreditation, Dr. Noel Biodun Saliu, also complimented the institution's management for the remarkable achievement.

Prof. Kolade Luke Ayorinde
Vice Chancellor, KolaDaisi University

They advised the university to continue to identify with the reform agenda of NUC so that graduates of the institution would be able to compete favourably with their counterparts globally.

In his welcome address, the Vice-Chancellor, Professor Kolade Luke Ayorinde, thanked the Executive Secretary and his entourage for his encouragement.

He said that the university's progress was as a result of Chief Kola Daisi's doggedness and the management's experience and dedication.

CALL FOR EXPRESSION OF INTEREST FOR CANCER CLINICAL TRIALS

The National Universities Commission has received a call notification from BIO Venture for Global Health (BVGH) under the aegis of the African Access Initiative (AAI), for expression of interest in conducting cancer clinical trials (feasibility studies) in Sub-Saharan Africa.

Developed and led by BVGH, the African Access Initiative is a partnership of companies, governments, healthcare providers and non-profit organisations focused on addressing Africa growing cancer crisis by sustainably expanding access to cancer medicines and technologies, improving healthcare infrastructure and building clinical as well as Research and Development (R &D) capacity.

BVGH launched the African Consortium for Cancer Clinical Trial (AC3T) to foster and implement cancer clinical trials led by investigators in Africa. The project is designed to build clinical and trial capacity as well as address the cancer data gap in Africa, while increasing access to prioritised cancer diagnostics, medicines and quality treatment for African cancer patients.

AC3T will be implemented across three primary initiatives that will be conducted in parallel thus:

i. Investigator-initiated, cancer feasibility studies will be conducted with funding from AC3T study pool.

ii. Cancer clinical research capabilities will be built and augmented at participating AAI hospitals.

iii. Hospitals' cancer clinical trial capabilities will be profiled to encourage pharmaceutical and biotechnology companies to conduct cancer clinical trials at those hospitals.

Interested researchers should ensure that the studies proposal MUST meet the following criteria:

i. Conducted in Africa by an Africa-based investigator or with an Africa-based partner

ii. Focus on one or more of the most common cancers in African populations

iii. Aimed at improving African cancer patients' health outcomes

iv. Tuition fees and training materials;

- 1) Promote Knowledge-based Endogenous Development and the diffusion of related innovations to support Appropriate Technology (AT) practice
- 2) Identify, initiate and combine AT contributions based on both pre-modern and modern knowledge in a manner that is rooted in an appropriate historical perspective
- 3) Provide a forum for networking on AT solutions for the 21st century through the recognition, valorization and re-appropriation of locally-grounded knowledge and practices

Background

Locally-grounded and useful knowledge, both tacit and codified, is one of the most reliable bases for long term, sustainable prosperity. Unfortunately, much of this knowledge remains under-recognized and undervalued, with tumkey solutions from elsewhere often being presented as readily available or convenient. At present, large numbers of people in the Global South, particularly in Africa, still lack access to clean water, sanitation, clean energy, reliable food and nutrition, and safe transportation, among other challenges. Yet in those same societies, some people have time-tested, demonstrable approaches to resolving them, while others are engaged in cutting-edge scientific research and technological development.

All of these, to the extent that they are informed by contextually-relevant needs, and priorities represent an endogenous knowledge resource base. However, refining, upgrading, applying and diffusing this knowledge in the form of improved products, services and practices also requires the dissemination of lessons and experiences between similarly motivated actors from a broad cross-section of any given society: In exploring various local challenges together from an Appropriate Technology perspective, we believe that we can contribute to a more plural, multi-centric, equitable, sustainable and ultimately more just global community.

NATIONAL UNIVERSITIES COMMISSION

ADVERTORIAL

NUC MAKES HISTORY IN RANKING OF OPEN EDUCATIONAL RESOURCES (OER)

The National Universities Commission has made history in conducting the first-ever ranking of Open Educational Resources (OER) held in institutional repositories. It is the first exercise of its kind in the world and it was initiated by the Executive Secretary of NUC, Professor Abubakar Rasheed, mni, MFR for application in the Nigerian University System. The exercise showed that with 12,070 quality OER holdings presented by 50 universities for the inaugural exercise, Nigerian Universities are now among the best in Africa in OER. It is estimated that with full release of the OER holdings and participation by all universities, this number may quadruple in the next two years making the Nigerian University system the richest in OER in Africa. The OER ranking exercise is to be conducted twice a year.

Open Educational Resources (OER) are teaching, learning and research materials in any medium, digital or otherwise, that reside in the public domain or have been released under an open license that permits no-cost access, use, adapt and redistribute by others with no or limited restrictions. They are technology-enabled, open provision of educational resources for consultation, use and adaptation by a community of users for non-commercial purposes. Materials that constitute OER include curriculum maps, course materials, textbooks, streaming videos, pictorial materials, multimedia applications, podcast, and any other materials that have been designed for use in teaching and learning environment.

The OER ranking exercise was conducted by the 12-member National Experts Group on OER Ranking (NEGOR) and a four-person team of external experts from outside Nigeria.

Fifty universities that participated in the inaugural edition were ranked by (a) ownership (federal, State and private) and (b) generation within ownership. The results are shown below.

The attention of the Management of the Tertiary Education Trust Fund (TETFund) is drawn to the mischievous activities of some unscrupulous elements that are visiting public Universities, Polytechnics and Colleges of Education and some regulatory agencies and presenting themselves as staff of, and working with, the Chairman-designate of the Board of Trustees of TETFund. They usually meet the head of an institution, the bursar and/or director of works/physical planning to make all sort of offers/promises of TETFund intervention projects to be allegedly brought to the institution by the Chairman-designate. In exchange, they make different frivolous requests including nominating contractors/consultants and, in many cases, request for financial gratifications.

The Management of the Fund therefore wishes to inform the beneficiary institutions of TETFund in particular and entire public in general that these mischief-makers have nothing to do with TETFund and all their entreaties should be ignored. Anyone that enters into any transaction with them does so at his/her own risk.

All TETFund Staff on official assignment to any institution carry identification and an introduction letter to the head of the institution.

Heads of our beneficiary institutions or members of the public who require any clarification on the activities of the Fund may also call **0800-TETFUND (0800-8383863)** or visit our website www.tetfund.gov.ng.

NATIONAL UNIVERSITIES COMMISSION

RE: MORATORIUM ON PART-TIME PROGRAMMES

The National Universities Commission, cognizant of the need to streamline the operations of Part-Time and Sandwich programmes in Nigerian universities, had through a publication in the print media, including the Guardian and Sun Newspapers of Monday, 19th March, 2012, placed a moratorium on admission into Part-Time programmes in Nigerian universities. In the publication, the universities were requested to fully disclose all Part-Time and Sandwich programmes, with respect to enrolment and staffing profile, within four weeks of the publication, and to conduct in-house staff and student audit and forward same to the Commission. As a follow up to this, the Commission vide a letter dated 14 January, 2013, sent a reminder to the universities requesting those that were yet to provide information on their Part-Time and Sandwich programmes as well as affiliation arrangements to do so on or before 15 February, 2013.

GUIDELINES ON PART-TIME AND SANDWICH PROGRAMMES IN NIGERIAN UNIVERSITIES

Below are guidelines for conducting Part-time and Sandwich programmes in Nigerian universities. All universities currently operating Part-time programmes are expected to comply with the guidelines on programme by programme basis.

Consequently, universities still interested in running Part-time programmes are advised to forward fresh applications to the NUC on programme by programme basis.

This is, however, subject to the readiness of the university to comply with the following extant guidelines on part-time programmes:

1. The admission and graduation requirements, Staffing, Library and physical facilities requirements must be in line with the Benchmark Minimum Academic Standards (BMAS) for the various full-time academic programmes;
2. For a programme to be eligible to run on part-time basis, the approved full-time equivalent must be available in the university, must have earned full accreditation and must be run within approved campuses;
3. The enrolment into part-time programmes must not exceed 20% of total students' population in the programme;
4. The minimum duration of the part-time programmes must be 150% of the approved duration of the Full-Time equivalent;
5. Approval shall not be granted for part-time programmes in Environmental Sciences, Engineering/Technology, Law, Medicine/Medical Sciences, Pharmacy /Pharmaceutical Sciences, Dentistry; and Veterinary Science;
6. All admissions into part-time programmes must be through the Joint Admissions and Matriculation Board (JAMB). Part-time programmes must be run within approved campuses of universities where the human and material resources for the teaching of the programmes are domiciled, i.e. on the main campus of the university;
7. Part-time programmes shall be subjected to the NUC accreditation assessment upon maturity of the programme;
8. For any programme to be eligible for part-time mode, it must have produced two (2) sets of graduates and satisfied the Resource Verification Requirements.
9. Commencement of a part-time programme MUST be subject to NUC's approval. Approval of commencement of all parttime programmes must be obtained.

The National Universities Commission shall not hesitate to apply appropriate sanctions on any university which violates any of the stipulated Guidelines on Part-Time and Sandwich Programmes.

List of Universities with Approved Postgraduate Programmes

The National Universities Commission (NUC) has observed with great concern that some Nigerian universities are running unapproved postgraduate programmes, leading to the award of Masters and PhD degrees. The Commission has also observed that some Parastatals and Institutes are awarding these same Postgraduate degrees, either on their own or through unapproved affiliations with Nigerian and foreign Universities. Such practices are not only unethical, but also antithetical to time-tested quality assurance best practices. The qualifications/awards resulting therefrom are not recognized. The Commission hereby notifies the general public that only the following universities have approval to offer postgraduate programmes at the Masters' and Ph.D levels in Nigeria, as of 30th July, 2012:
